DOCTOR,
is it time for a change?

- You're spending too much time on paperwork.
- You want to live in Europe, not just vacation there for a couple of weeks.
- You want to get involved with academic medicine, full-time.
- You want to subspecialize, but can't support your family on a fellow's stipend.

It's time for a change.

If you are seriously considering changing your situation, you owe it to yourself to consider the Army Medical Department. We have an amazingly wide variety of practice situations available to qualified physicians. Clinical and hospital-based practices in small towns, cities, major metropolitan areas. Sunbelt, Snowbelt, Europe, Asia, Panama. Full-time academic positions. Full-time research and development positions. Fellowships that pay like practice positions. For a confidential evaluation, compensation estimate, and vacancy projection, call

Major Mike Edwards
